Environmental Research Group, LLC (ERG) is an 8(a) certified, service-disabled veteran-owned (SDVO), economically disadvantaged woman-owned (EDWO) small business (SB). Founded in 2000, ERG provides environmental consulting services. With more than half our staff having prior military or government service, ERG is proud to serve these sectors.

Derived from the Greek word *ergon*, meaning work, an erg is a unit of energy. ERG focuses its energy on providing high-caliber environmental services to government agencies and organizations, including on-site and traditional project support.

ERG has served as prime contractor on approximately 20 contracts with U.S. Army Corps of Engineers Districts nationwide as well as tasks located outside of the U.S. (OCONUS) including ten foreign countries (Spain, Brazil, Chile, Australia, New Zealand, South Africa, India, Norway, Japan, Korea and Antarctica).

- U.S. Army Corps of Engineers Districts: Baltimore, Fort Worth, Kansas City, Mobile, New England, New Orleans, Norfolk, Omaha, Savannah and Tulsa
- Department of Defense
  - 10 US Army Corps of Engineers Districts
  - 6 Commands (Army, Navy, Marine Corps)
  - US Army Reserve Facilities in 19 states
  - 40 US Army and US Air Force Installations
  - 11 US Navy Facilities
  - 2 Joint Bases
  - 23 US Marine Corps Installations
  - 2 US Army National Guard States
- US Department of Veterans Affairs
- Federal Emergency Management Agency (FEMA)
- Federal Highway Administration, Department of Transportation
- National Oceanic and Atmospheric Administration (NOAA)
- US Fish and Wildlife Service
- Maryland Department of Transportation
- Commonwealth of Virginia Department of Transportation
- Florida Department of Transportation
- Tennessee Department of Transportation
- Commonwealth of Kentucky Department of Transportation
- Over 30 Commercial Partners

our customers ↗

our values }

- ➔ **Trust:** Our Core Value ➔ **Expertise:** Environmental Skill
- ➔ **Compassion:** Service with Heart ➔ **Joy:** Shared Openly
- ➔ **Gratitude:** Appreciation Always ➔ **Flexibility:** Adaptable by Nature

## ERG keeps things simple, focusing on two over-arching approaches:

- Making quality hires for on-site, full-time employment at customer locations with a focus on Department of Defense environmental and planning programs
- Providing experienced project managers who apply quality control processes to manage our technical teams to deliver projects successfully

Each of our customers work with one ERG manager as a single point of contact throughout the life of the contract. This uncomplicated and effective structure is the foundation of our extraordinary customer and employee care supporting quick action and best practices.
